

All's Muench was born in Ukraine. Alla was the leader of a junior group that worked with nature projects. She didn't have any idea that she would fall in love with flowers. Alla graduated from Chernihiv State Pedagogical University with a specialty in Biology and Chemistry and was certified with a Master's Degree as a teacher. Alla received many different awards as a teacher but the most important award was the "Excellent Education Teacher of Ukraine " and in 2006 she became the winner of the All-Ukrainian competition of skills "Source of Creativity". After she was married she moved to Idaho Falls because she loves potatoes and opened her own small business "Alla's Home Flowers and Garden". She loves nature but flowers are her passion. Now she is teaching Floral Arranging classes at the College of Eastern Idaho. At the IGSA Convention Social Luncheon, Alla will be teaching Modern Floristry. Attendees will learn how to use modern design and technology to create new types of flower arrangements. They will perform works of varying complexity and get acquainted with the latest trends in modern floristry fashion trends around the world.
